

Advance-Nilfisk Part

Advance-Nilfisk Parts - Imagine how long and tedious it will actually be to clean-up after a party, with no assistance from equipment. Previously, the dust from upholstery and carpets had to be beat out of them by hand; brooms, brushes and cleaning cloths were the top cleaning products at the time.

The founder of Nilfisk-Advance, P.A. Fisker, began as an electrical engineer who really liked to work on electrical motors. After starting his company during 1906, he started to make motors to drive drills, coffee grinders, fans and machine tools. Mr. Fisker's dream from the beginning was to have a global company marketing products globally.

The Nilfisk C1 was an incredible breakthrough for the cleaning business. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and could be operated by one individual. This invention came in a time where numerous cleaning equipment were massive and required 4 or more operators, thus, the Nilfisk C1 transformed everything and evolved the manner we clean forever. The mastermind behind these first cleaning equipment remains unparalleled. Cleaning machines provide a brilliant solution to an existing crisis; things get dirty and must be cleaned on a regular basis, without a lot of effort.

Gradually but progressively, Nilfisk-Advance expanded throughout the decades. In the 1980s, this development actually happened the time the company became a part of the NKT Group. Their new owners' drive and concentration made Nilfisk-Advance take a huge leap ahead within the industry, aiming to be one of the largest global players in the market of professional cleaning machines. Nilfisk-Advance is currently found in all parts of the world due to gradually acquiring lots of smaller businesses to be able to develop their product range and presence in new markets. They are really proud to present a range of cleaning solutions to suit every requirement.
