

Forklift Spreader Bar

Spreader Bar for Forklifts - ELME has been proudly operating since nineteen seventy four, becoming the biggest independent spreader maker all over the world. They are a devoted manufacturer of spreaders meant for a lot of different applications like the handling of containers, swap bodies and trailers.

Engineering is done in-house by using the newest FEM tools and CAD systems. The ELME company currently employs more than one hundred twenty five personnel. Their spreaders are supplied to reach straddle carriers, lift trucks, gantry, quayside, ship-to-shore cranes and stackers all-around the world.

The ELME product series offers spreaders designed for various container and trailer handling operations. Several of their inventory include: Lift Trucks, Straddle Carriers, Ship to Shore Spreaders, Spreaders for Rail mounted and Rubber Tired Gantry Cranes, Reach Stackers, Harbour Cranes as well as a wide array of attachments.

ELME production and manufacturing is done in a highly automated purpose built factory. In the year 2008, they created over one thousand one hundred fifty spreaders by way of using high quality elements in order to ensure reliability and top standards while offering competitive prices. Major features of ELME include design simplicity, market feedback and inventive modular spreader concept.
